Subject: Representation for District 5

Dear Mayor and City Council Members,

Being a long time resident I am writing to ask for your support to please appoint a council member to District 5. This area has a lot of activity with the University, Hunter Storm, the Old Quad, and introducing the new Downtown. We have realistically been without representation for along time and need a council member to help keep our progress moving. We need someone that not only can help us but also can be accountable to the voters for these long term projects.

This appointment of a Council person is critical to the future of district 5 and waiting until November will put an unnecessary burden on the growth and well being to our neighborhoods. I urge you to please consider voting to appoint a council member for district 5.

Kind Regards,
Richard Bonito

Mayor and Council,

District 5 will be left without true representation if you do not appoint a replacement for Ms. Mahan. We need to have a dedicated representative for District 5.

I have heard some of the council state that they will be able to represent us, but I saw how that worked when Caserta left the council. I also know that with Ms. Mahan's medical condition, we were also left out in the cold. Too much to do and everyone suffers.

Not appointing would give us months of the same type of representation we had when there were less people on the council.

We need a dedicated voice on the council.

District 5 resident,
Linda Zazzara

Mayor and Council,

You **MUST** appoint a representative for District #5!

To not appoint someone is to say we don't deserve a voice. If you won't even give us a voice now how can we expect you to speak for us in the future?

The idea behind districts is for you to speak for your constituents, the ones that elected you. If you claim to speak for all of Santa Clara all the more reason to give us a focused voice.

Do not go home until we have a voice.

Pilar Bonito

Resident in District #5.
