I urge the Council to appoint a bike/pedestrian committee member who remembers 1) the vast majority of Santa Clara County citizens need efficient, fast, affordable transit that does not require pedaling, 2) there are pedestrians out there & bicyclists often don't understand walking, 3) many folks do not or cannot ride bikes (too young or old, disabled, need to transport goods/people, need to go far, don't bike in bad weather, etc.) 4) fast (not light) rail is the most efficient public transport.

After reading the County regulations on weed abatement I have one (1) question: What is a weed? Why is this not defined anywhere? For example there are statements that any 'weed' over 6 inches tall that is within 10 feet of a roadway must be chopped down to 6". Since we don't know what a weed is, there should be no plants over 6" tall nearly anywhere in the City. I'm surprised some lawyer hasn't made hay (joke!) out of this. Again I ask "What defines a weed?"
