City Council:

Well the Landlords loses again Many renters haven't paid the rent in four or five months. How does the Landlord collect the past rent? That's a laugh!  
do we have to feel sorry for people who do not know how to save dollar?, I don't think so! How do Landlord's collect back rent? Hire a lawyer which will cost more than the rent. That's another laugh, Ha! Ha!. Don't Landlords have bills too, like mortgages, insurance, up keep and the big one property taxes, ( should I put that in CAPITAL LETTERS?) Landlord's rental agreement is not worth the paper's that is written on. And now Landlord's have to wait until the end of September before Landlord's have any say if they ever will.  
UNBELIEVABLE!!!!!!!!!! Hope everyone will be able to read this message.  
Please City Council address this message to all to ready this. Please don't hide the truth. As Always, Santa Clara resident.
