Subject: Approval of an Agreement for the Performance of Services with Flynn Resource Consultants Inc., for Consulting Services Related to Transmission Analysis, California Independent System Operator, Congestion Revenue Rights Support for the Electric Resource Division

EXECUTIVE SUMMARY

Flynn Resource Consultants, Inc. (Flynn RCI) supports the Silicon Valley Power (SVP) Resources Division with consulting services for transmission issues through City and regional efforts with the Bay Area Transmission Group (BAMx). Flynn RCI was recently selected through a Request for Proposals conducted by the Northern California Power Agency (NCPA) for their specific knowledge and skills related to the California Independent System Operator (CAISO) and utility systems to support BAMx. Based on NCPA's selection process and Flynn RCI's in-depth knowledge of the SVP system, staff proposes to enter into an Agreement for the Performance of Services with Flynn RCI to continue to analyze the capability and limitations of the existing transmission system specific to SVP. Using Flynn RCI for both BAMx and SVP support enhances the coordination between local and regional efforts and reduces costs. Tasks may include: conducting power flow and short circuit studies, studying the financial impact of transmission and generation projects and Congestion Revenue Rights proposed by SVP and others over a four year period. A copy of an Agreement for the Performance of Services with Flynn Resource Consultants Inc. can be viewed on the City's website or is available in the City Clerk's Office for review during normal business hours.

ADVANTAGES AND DISADVANTAGES OF ISSUE

This Agreement will provide staff the required support to assure that adequate and cost-effective transmission is available to meet the needs of SVP and its customers. Assuring that the City is represented effectively requires the highly specialized expertise, knowledge and resources available from Flynn RCI.

The total cost of this Agreement shall not exceed \$480,000.00 for the first year and the total cost of this Agreement will not exceed \$1,440,000.00 in future budget appropriations for a total of \$1,920,000.00 over the four year period. Sufficient funds are available in the Electric Department's Contractual Services/Not Classified account 091-1356-87870-[F]92300 (\$330,000.00) and Capital Project System Short Circuit Fault Duty Reduction account, 591-1361-80100-2106-[F]34100 (\$150,000.00).
