Date: October 26, 2020

Proposed Work Plan Topic: Create temporary bike lane on ECR

Background and Discussion: Please provide background information and a description of the proposed work plan topic. Please also include information as to how this topic pertains to the BPAC's roles and responsibilities. *(150 words maximum)*

Create temporary bike lane on ECR. Place temporary "No Parking" and "Bike Lane" signs along El Camino Real as a pilot program in order to determine if that space will attract cyclists.

Project shall be maintained a sufficient time in order to gauge public interest; I suggest a one year period so that cycling activity can be studied for all four weather seasons.

Topic fulfills BPAC's role since ECR falls under the criteria for eliminating parking mentioned in the Bike Plan (page one): "Where parking is underutilized and capacity for parking is available on private property, repurposing on-street parking for bicycle facilities may be an option. The City will conduct further analysis of these areas as part of the implementation of these recommendations."
