Park Playground

PHYSICAL
Joy of movement:
motor skills, muscle, cardio
and bone density

SOCIAL-EMOTIONAL
Joy of being together:
teamwork, tolerance and
sense of belonging

COGNITIVE
Joy of learning:
curiosity, understanding of causal
relationships and knowledge of the world

CREATIVE
Joy of creating:
co-creation and experimenting
with materials

BALANCE
To balance is to stay upright when walking or standing on a surface that makes this challenging (e.g. a wobbly, inclined, or narrow surface).

HANG IN ARMS
To hang in arms is the act of carrying the body with the hands or arms, possibly to traverse to another platform or play item.

SENSORY
To sense is the act of taking in information with the sensory system: seeing, feeling, hearing or sensing with the body.

BOUNCE
To bounce is the act of bouncing on a responsive, flexible, elastic or tensile surface.

JUMP
To jump is the act of jumping up or down on a hard surface.

SLIDE
To slide is the act of moving fast downwards seated on a slide.

CLIMB
To climb is the act of moving upwards, cross-coordinating arms and legs, on a vertical or inclined surface or net.

PULL
To pull is the act of pulling an item towards you or you towards an item with one or both hands, or possibly using the entire body.

SOCIALIZE
To socialize is the act of meeting, communicating or cooperating in an activity that stimulates and facilitates social interaction.

CONSTRUCT
To construct is the act of creating new patterns, shifting items or materials to new positions or constructing with materials that can be transformed or manipulated.

PUSH
To push is the act of pushing an item away from you with one or both hands, possibly with the entire body.

SPIN
To spin involves a fast, repeated horizontal or vertical turn of the body on a piece of equipment that facilitates the movement.

CRAWL
To crawl is the movement of moving forwards or backwards, cross-coordinating arms and legs, on a horizontal or slightly inclined surface.

ROCK
To rock is the action of rocking back and forth, or sideways, on e.g. a piece of spring equipment.

SWAY
To sway is the movement of swaying back and forth, or around, lying, seated or possibly standing, in a pendulant or circular movement, e.g. on a hammock or on a rope.

DRAMATIC PLAY
Dramatic play is motivated through play items that stage a frame, place or environment for acting out make believe or role play scenarios.

ROTATE
To rotate involves a vertical or horizontal slower paced turn of the body, facilitated by a piece of equipment.

SWING
To swing is the movement of swinging back and forth, or in circular movement, seated, standing or lying, in an unhindered arc.

GLIDE
To glide is the act of moving from one point to another without shifting the feet, in a horizontal or vertical movement, in a seated, lying or standing position, letting gravity do the work.

RULES PLAY
Rules play is motivated through play items that suggest games-with-rules, cooperation and team work, e.g. tic-tac-toe, timers or ball games.

WONDER
To wonder is motivated through play items that make children need and use their logical, abstract or creative thinking skills, as well as their memory.

Kuma

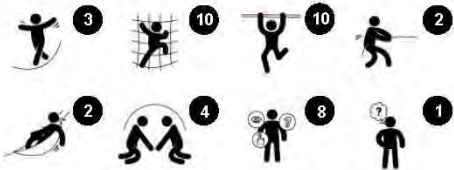

With its quirky angles and shapes, KUMA attracts adventurous playexplorations in 5-12 year olds. The curved climbing wall with the color spotcleats invites a challenging climb to the top. From here, a handle leads to the bouncy play shell seat or the swaying overhead bridge. The open Triangle Plate invites a swaying climb up or down, or a nice seat. The

Stabile with open Triangle Plate invites climbing through, up and down. The wide variety of climbing, bouncing, swaying and hanging activities ensure that children will play for a long time, together. The combination of swaying, bouncy, sturdy climbs in KUMA intensely train the child's coordination, proprioception and sense of balance, all important motor skills for

navigating spaces with obstacles safely. The many meeting points with bouncy, swaying seats facilitate socializing and turn-taking, skills easily learned in play.

Item no. GXY903012-3717	
General Product Information	
Dimensions LxWxH	23'9"x9'3"x8'8"
Age Group	5-12
Play Capacity	17 children
Color Options	

Cocowave Pendulum Swing

The size and appearance of the Cocowave Pendulum Swing is an irresistible invitation for all children to play. With its robust, oblong coconut rope, the Cocowave Pendulum Swing allows for swinging from a seated, lying or standing position. The thrill of swinging – mildly or wildly – is for bigger groups, of different sizes, ages and physical abilities. It takes

teamwork to make the swing move, and this stimulates important social-motional skills. Apart from being fun, swinging on the Cocowave swing also trains muscles and important motor skills, such as balance, coordination and sense of space. These are important to train vestibular skills that matter profoundly for e.g. navigating traffic safely. The tickling,

challenging feeling of speed and height stimulates children's self-esteem, risk management and other important social-emotional life skills.

Item no. M98401-1011	
General Product Information	
Dimensions LxWxH	20'4" x 8'10" x 11'11"
Age Group	5-12
Play Capacity	8 children
Color Options	

Cocowave Pendulum Swing

The steel pipes are hot dip galvanized inside and outside with lead free zinc. The galvanization has excellent corrosion resistance in outside environments and requires low maintenance.

Powder coated top finish on top of galvanization is processed in two steps: Light grinding and clean sweeping, powder coating - thickness 70-120 µm.

Unique designed swing hangers of stainless steel with anti-twist function. The hangers are attached to the cross beam by a bolt through connection to ensure high durability. The bearings with embedded silicone lubricant are maintenance free.

The rope of the pendulum swing is made of polypropylene (PP) rope in Coconut style with a square shape of 5.5"x5.5". The ends of the Coconut rope are closed by a steel clamps and sealed by a glued-on shrinkable tubing. The last 4" of the rope ends are cut open to make a tassel with bumper function to fulfill global safety requirements.

The chain/ropes are attached to the Coconut rope by KOMPAN swivel bushings made of stainless steel with bronze bearings. The swivels have an outside cover of black PUR. The usage of side mounted swivels provides frictionless movement, eliminates fingers and feet entrapments and enlarges the standing surface on top of the rope.

The Cocowave pendulum swing is available in multiple options: Galvanized steel with optional powder coated top finish in lime green color, Rope or stainless steel chain suspensions, In-ground or surface anchoring.

Item no. M98401-1011	
Installation Information	
Max. fall height	9'7"

Double Tower, Physical

This attractive play structure will inspire young children to play actively, using their muscles to climb to the top, navigate the net, and slide or rotate to the ground, again and again. The huge play net has openings big enough to climb through or stop and take a break. The distance between the rungs makes the net a true climbing challenge for young children, and thus

a great trainer of their muscles and cross-coordination. This stimulates cross-modal perception, the cooperation of left and right brain half that makes reading possible. The curly climber is extremely thrilling as the downward movement rotates. This trains spatial awareness and cause-and-effect understanding of the child. The fast slide is thrilling and trains

the sense of balance and the posture. The Double Tower has endless play choices and play benefits.

- (N) TREES

Note: Provide clearances from underground utilities as required. Refer to References and Planting Notes on L-302 for additional requirements.

Preliminary Planting Palette – Private Property

Trees

Acer circinatum	Vine Maple
Acer griseum	Paper Bark Maple
Bauhinia × blakeana	Hong Kong orchid tree
Chamaerops humilis	Mediterranean Fan Palm
Chamaedorea plumosa	Bamboo Palm
Chilopsis linearis 'Arts Seedless'	Seedless Desert Willow
Chionanthus virginicus	Fringe Tree
Cornus nuttallii	Pacific Dogwood
Ginkgo biloba	Ginkgo Tree
Magnolia grandiflora 'Little Gem'	Little Gem Southern Magnolia
Magnolia soulangeana	Chinese Saucer Magnolia
Magnolia virginiana	Sweet Bay Magnolia
Olea europaea	Olive Tree

Shrubs

Acacia cognata 'Cousin Itt'	Cousin Itt River Wattle
Carpenteria californica 'Elizabeth'	Bush Anemone
Ceanothus thyrsiflorus	California Wild Lilac
Brugmansia versicolor	Angel's Trumpet
Choisya ternata	Mexican Mock Orange
Correa pulchella	Australian Fuchsia
Echium candicans variegata	Variegated Echium
Grevillea 'Peaches & Cream'	Grevillea
Helianthemum spp.	Sunrose
Hydrangea quercifolia	Oak Leaf Hydrangea
Lorapetalum chinensis (green)	Green Lorapetalum
Lupinus albifrons	Bush Lupine
Myrica californica	California Wax Myrtle
Pittosporum 'Marjorie Channon'	Marjorie Channon Pittosporum
Philadelphus lewisii	Mock Orange
Philodendron selloum	Tree Philodendron
Ribes sanguineum	Red-Flowering Currant
Westringia fruticosa 'Smokey'	Coast Rosemary
Vaccinium ovatum	Evergreen Huckleberry

Grasses

Calamagrostis 'Karl Foerster'	Karl Foerster Feather Reed
Carex tumilicola	Berkeley Sedge
Dianella revoluta 'Lil Rev'	Lil Rev Dianella
Festuca californica	California Fescue
Festuca marei	Marie's Fescue
Lomandra longifolia 'Platinum Beauty'	Variegated Lomandra
Lomandra longifolia	Lomandra
Miscanthus sinensis 'Morning Light'	Japanese Silver Grass
Sesleria autumnalis	Autumn Moor Grass

Ground Covers

Arctostaphylos 'Pacific Mist'	Pacific Mist Manzanita
Arctostaphylos 'Uva-Ursi'	Uva Ursi Manzanita
Ceanothus 'Diamond Heights'	Variegated Wild Lilac
Ceanothus griseum	Prostrate Wild Lilac
Dymondia margaretae	Silverleaf
Ceanothus horizontalis	Prostrate Wild Lilac
Grevillea 'austriflora fanfare'	Prostrate Grevillea
Rubus pentalobus	Taiwan Bramble
Salvia sonomensis	Sonoma Sage
Salvia spathacea	Hummingbird Sage

Perennials

Achillea millefolium	Yarrow
Aesclepias sp	Milkweed
Agastache rupestris	Sunset Hyssop
Anemone hybrida	Japanese Anemone
Artemisia 'Powis Castle'	Powis Castle Artemisia
Calamintha nepeta	Calamint
Gaura lindeheimeri	Gaura
Helichrysum petiolare	Licorice Plant
Helleborus x hybridus	Hellebore
Heuchera micrantha	Coral Bells Heuchera
Lupinus spp.	Lupines
Verbena bonariensis	Verbena

Succulents

Aloe barbiensis	Tree Aloe
Aeonium giganteum	Giant Green Aeonium

Ferns

Dryopteris sp	Wood Fern
Woodwardia fimbriata	Giant Chain Fern

Vine

Calystegia macrostegia	California Morning Glory
Clematis armandii	Apple Blossom Clematis
Hardenbergia violacea	Purple Vine Lilac
Lonicera hildebrandeana	Giant Burmese Honeysuckle
Passiflora edulis	Passion Fruit
Rosa banksia	Lady Banks Rose
Vitis californica 'Rogers Red'	Rogers Red Grape Vine
