As a neighbor to the proposed site, I am opposed for the following reasons:

- the site needs to be built (as opposed to the use of existing unused hotels on el Camino real)
- the high cost of investment to the city of Santa Clara
- not close to city services/public transportation
- is building structure consistent with a residential neighborhood (rumor is that it will be built with shipping containers).

Thank you.  
Shawn

Agenda Item: eComments for C. 21-785 Action on Formalization of the Bicycle and Pedestrian Advisory Committee

The latest draft reduces the number of members to 7. A note tagged "SR3" cites: "The RTC recommendation is 7 members?" Who is SR and where is this recommendation from? Why is a reduction recommended? A smaller BPAC also reduces the size of subcommittees due to the Brown Act. That means fewer people working on reviewing police collision reports, creating story maps, roundabouts, and working on bike to shop day. It will shrink the pool of knowledge available from the current diverse BPAC.
