**REPORT TO COUNCIL**

**SUBJECT**

Action on a Resolution Allowing City Legislative Bodies to Hold Public Meetings Solely by Teleconference or Otherwise Electronically Pursuant to AB 361

**COUNCIL PILLAR**

Enhance Community Engagement and Transparency

**BACKGROUND**

On March 17, 2020, Governor Gavin Newsom issued Executive Order N-29-20 which suspended the Brown Act teleconferencing requirements so that legislative bodies could hold public meetings solely by teleconference, or otherwise electronically, without listing the teleconference locations and without any physical location, as long legislative bodies followed a set of requirements for noticing the meeting agenda and public participation, among other things. Subsequently on June 11, 2021, Governor Newsom issued Executive Order N-08-21, which sunset the Brown Act provisions of Executive Order N-29-20 on September 30, 2021.

On September 16, Governor Newsom signed AB 361 into law which allows local agencies to use teleconferencing without complying with specific Brown Act restrictions in certain state emergencies until January 1, 2024, at which point they are to be repealed, and the standard Brown Act teleconference requirements become effective again. The bill was an urgency measure, and it went into effect immediately.

**DISCUSSION**

AB 361 is an urgency measure that amends Government Code Section 54943 to allow a local agency to use teleconferencing for public meetings without requiring the teleconference location to be accessible to the public or a quorum of the members of the legislative body of the agency to

participate from locations within the boundaries of the agency's jurisdiction during a Governor-proclaimed state of emergency in certain circumstances.

In order for a local agency to utilize AB 361's exemption to the Brown Act, there must be certain emergency conditions present. These include:

- There being a state-proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.
- The Council is meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, that meeting in person would present imminent risks to the health and safety of attendees; or
- The Council is meeting during a proclaimed state of emergency and has determined, by majority vote, that in-person meetings would pose health and safety risks to attendees.

In order for the City's legislative bodies to continue meeting remotely with the exemptions to the Brown Act provided for under AB 361, the Council is required to take certain actions, most of which the City is already implementing:

- The City must continue providing notice of meetings and continue to post agendas as the Brown Act requires to the agency's website,
- The City must continue allowing for public access to the meeting, while allowing for a public comment period to directly address the legislative body pursuant to Brown Act's other teleconferencing provisions,
- The City must continue giving notice for how the public can access the meeting and provide public comment, including a call-in or internet-based service option (no physical location required),
- The City must continue providing the public with the opportunity to comment in real time (with the option of additionally allowing comments to be submitted in advance, if the agency desires),
- The City must stop the meeting until public access is restored in the event of a service disruption, and
- No later than 30 days after the first teleconferencing meeting and every 30 days thereafter, the Council will have to reconsider the circumstances of the state of emergency to determine if remote meeting procedures need to remain in place.

This meeting falls within 30 days of the first teleconferencing meeting held by the City on September 28, 2021 after AB 361 was signed into law.

Beginning on March 11, 2020 and continuing every 60 days thereafter, the City Council has continued its proclamation of local emergency based on substantial evidence that the public interest and necessity require the continuance of the proclamation of local emergency related to COVID-19. On September 21, 2021, the Santa Clara County Public Health Officer recommended that public bodies continue to meet remotely to the extent possible due to the continued threat of COVID-19 to the community, the unique characteristics of public governmental meetings, and the continued increased safety protection that social distancing provides as one means by which to reduce the risk of COVID-19 transmission.

On October 5, 2021, the Santa Clara County Board of Supervisors' Resolution BOS-2021-140 directed all County legislative bodies to only meet remotely in accordance with AB 361. These

associated emergency conditions are on-going and there is a need to continue teleconferencing for public meetings without posting the teleconferencing locations on the agenda and without requiring the teleconference locations to be accessible to the public during the current Governor-proclaimed COVID-19 state of emergency. The state of emergency continues to directly impact the ability of the City's legislative bodies to meet safely in person, and City officials continue to impose or recommend public health safety measures.

It is recommended that the Council adopt a resolution to make requisite findings to allow the City's legislative bodies to hold public meetings solely by teleconference or otherwise electronically so long as the state of emergency and social distancing measures continue. The Council will have to take action on a monthly basis to reassess and reaffirm such findings to continue meeting remotely.

The proposed Resolution is attached.
