REPORT TO COUNCIL

SUBJECT

Action on Parks & Recreation Commission Recommendation to Name the Public Parks in the Santa Clara Square Project: "Meadow Park," "Creekside Park," and "Redwood Trail"

BACKGROUND

On January 12, 2016, Council adopted Ordinance No. 1948, which approved a Development Agreement (DA) with the Irvine Company for the Santa Clara Square Mixed Use project (Project), located at 2600-2610 Augustine Drive. The DA was recorded on February 12, 2016 in Santa Clara County and indicated the City's intent to accept public parks and trails. The Project will construct and dedicate 4.14 acres of public parkland in the form of a neighborhood park, a mini-park, and a trail easement that will be added to the City's park inventory (see Attachment 1 for site plan).

Under Council Policy No. 035 (Attachment 2) "Naming of Facilities," the Parks & Recreation Commission makes recommendations to Council for facility names under the Commission's purview. Recommendations are referred to City Council for final review and approval. According to the Policy, the Council can consider the Commission's naming recommendation or refer it to the Ad Hoc Facilities Naming Committee for input. On February 5, 2019, the Council approved to restructure Council committees. With the restructuring of the committees, the responsibilities of the Ad Hoc Facilities Naming Committee were assigned to the Governance Committee. The next scheduled Governance Committee meeting is May 16, 2019.

DISCUSSION

On April 17, 2018, the Parks & Recreation Commission discussed potential names for the Project's three new park facilities, considering the setting and the unique features of each.

- The neighborhood park (currently referred to as Core Park) is the Project's largest park site and features a large, open grass meadow for lawn games and pickup sports. The 1.86-acre site includes amenities meant to make the space active and vibrant such as age appropriate playgrounds for ages 2-5 and 6-12, a restroom building, a large picnic pavilion, and individual picnic areas.
- The mini park (currently referred to as Creekside Park) is located adjacent to the San Tomas Aquino Creek Trail and features an 8' wide pathway that connects with the Redwood Trail, Core Park and the San Tomas Aquino Creek trail. The 0.89-acre site includes fitness stations, picnic areas with BBQ's, quiet shaded seating, and a raised turf knoll.
- The trail easement (currently referred to as Redwood Trail) is located along Augustine Drive, Octavius Drive and Scott Blvd. and features a meandering, 8' wide public walkway with mature redwood trees. The 1.22 acre trail includes fitness stations, passive garden spaces, and shaded seating areas.

After discussion, the Commission unanimously recommended (Attachment 3) that the City Council formally name the Project's neighborhood park "Meadow Park", the mini park "Creekside Park", and the public trail easement "Redwood Trail". Staff supports the Commission's recommendation. Alternatively, the Council could refer the Commission's recommendation to the Governance Committee for input for its May 16, 2019 meeting. After the Committee's consideration, the naming recommendation would be referred to the Council for consideration in June 2019.

Following Council action, the approved names will be communicated to the Developer to be included on large park monument signs on site, and future promotion and way finding materials.

ENVIRONMENTAL REVIEW
